

Every Volunteer Can Build Hope

Are you a building professional who wants to make a difference in the community? Nevada County Habitat for Humanity is looking for skilled volunteers who want to help build affordable housing for hard working local families.

A Habitat for Humanity house is a hand up for families who — many of them for the very first time — are achieving a decent, affordable place to live. When you help us build, you help a family take important first steps toward fully realizing their potential — and their highest hopes. A stable, affordable home is crucial for a family forging a path to a better life. By partnering with us, families seize the opportunity and possibility that a decent, affordable home represents.

every volunteer
helps a family build a safe
and affordable home
